

Become a Friend of The Chorus

Will you consider becoming part of “Friends of the Chorus”?

These loyal supporters provide regular financial gifts to GFC to sustain us throughout the entire year. Your regular monthly gift will allow GFC to continue to bring the best in Sacred Choral Music to congregations and audiences all around the metro–Atlanta area and even beyond when we take our music to other states and foreign countries.

There are several ways that you can become part of “Friends of the Chorus” with a one time, monthly or quarterly gift.

How can I make my gift do more?

Many companies realize the importance of giving back to the community and are getting involved by matching their employees’ donations to charitable organizations. If your employer offers this program, please consider a Matching Gift and increase the impact of your donation.
